European Board of Surgery

The Jeronimo Concept

Copenhagen 5th May, 2017
After Lisbon: inquire:

is it possible to introduce the “Jeronimo Concept” for the examination process in your country as a first step of introducing the EBSQ GenSurg examination as a final exam of surgery throughout Europe?

No answer: 6
What is a surgeon?

Does the denomination « surgeon » still exist?

Do we want to have a common denomination within the UEMS?

The title exists, the content is different

It is our responsibility
The Jeronimo Concept

Is it still an objective?
Shall we reduce the requirements?
Shall we start with the few willing countries?
Fees?
